

A great deal more savings on a great deal more plumbing accessories now available at Parkers

SAVINGS ON HUNTER AND MULTIKWIK

Parkers now offer a complete range of Hunter Plastics Soil, Waste and Overflow systems and Multikwik Traps and WC Connectors for any design application, and now we've discounted the prices on a wide range of those products.

Hunter Plastics has earned its place as a UK leader in the above and below ground gravity drainage market. Whether your preference is solvent weld or push-fit assembly, their Soil and Waste Systems offer a comprehensive above ground plastic drainage system; suitable for carrying sanitary waste from domestic, commercial and industrial installations.

Multikwik's range of pan connectors are the first choice for professional plumbers the world over. From domestic to commercial installations, you are sure to find the solution to support the sanitaryware you are using within the Multikwik range.

See the full range of discounted products on the next page or call in or call us at any of the branches listed below.
