

Parker Building Supplies' sister company launches new on-line site featuring our range of services and samples of successful installations

PARKER CEILINGS LAUNCHES NEW WEBSITE

The brand new website of our sister company Parker Ceilings has now been launched, featuring details of our range of services which is perhaps rather more extensive than our name might suggest !

As well as Domestic, Commercial and Industrial ceiling installations we are also specialists in Shop fitting, Demountable partitions, Full fit outs and refurbishment and Interior design.

We have experience in a large number of market sectors such as Airports (Lounges and public areas) with projects such as Heathrow T3 and T5 under our belts, Government and Civic Departments, the Health and Education sectors and Health and Sports Clubs.

We work both as a direct contractor and as a second tier installer supporting other principal contractors.

From hand-built, majestic sweeping curved structures to grand atriums, our highly skilled draughtsmen can create and realise remarkable yet buildable and affordable structures which are truly unique to you.

Take a look for yourself. You'll find us at www.parkerceilings.com
