

Parker Building Supplies supports local pre-school in their endeavour to brighten up and secure their playhouse

# PARKERS DONATES TO SCHOOL PROJECT

Parkers often make donations to schools in the local area and Croft Road Pre-School now have a colourful new playhouse in which to safely store their play equipment.

We donated funds to enable them to purchase this large shed which has been transformed into a fabulously vibrant playhouse which has given them somewhere to keep their play equipment out of the reach of vandals who have created problems in the past.

The school were kind enough to send us a lovely thank you letter from the children which was almost as colourful as the playhouse !
