## FAKRO OFFER A WINDOW ON WILDLIFE

Our staff at the Hailsham Joinery Centre got a very pleasant surprise when they heard noises coming from above the Fakro roof window installed on the roof of the building.

Much to their surprise and delight, it turned out that the slight scratching sounds were coming from a family of baby gulls who had taken up residence.

These cute interlopers were obviously impressed by the quality of the Fakro fittings and will no doubt be placing an order from our new Home Improvement newspaper which is now available. Details of our current big savings on Fakro are shown below.
