GALVANISED PAN WHEELBARROW

For a limited period, Parkers are offering a terrific saving on this traditional British made wheelbarrow - another great must for hardworking professional or avid amateur gardener.

This Chasseur construction, 90 litre model features a galvanised pan, pneumatic wheel, ultra safe rolled edge, steel hub and fluted body for extra strength and stability.

Each tread has a strengthening beam and non-slip treads. Other benefits include heavy-duty rubber feet, which can be replaced if required, and heavy-duty side arms to prevent slips and twists.

Not only is it strong and durable, with a non-corrosive body, but it is remarkably easy to manoeuvre, which makes it equally ideal for agriculture or domestic tasks.
