

GREAT SUMMER OFFERS FROM PARKER BUILDING SUPPLIES

The latest Parker Building Supplies discount leaflet has now been published and could be landing on your doormat any day now. The current edition features a range of products for the professional and keen amateur landscape designer including ...

CLIFTON LAPPED FENCE PANELS

Clifton Overlap Fence Panels are traditional-styled overlap fencing boards which combine security, shelter, pest control, and privacy with the natural beauty of the wood and provide an attractive backdrop in your outdoor space.

Each fence panel is constructed from premium quality FSC timber sourced from sustainable forests and designed to last. They are a sturdy, well constructed example of traditional overlap fencing which use 2 x 32mm vertical battens front and back, dip treated with preservative and guaranteed by the manufacturer for 10 years against rot.

The fencing is available in 4 sizes so whether you need some low-level boundary fencing for definition, or high-level fencing for privacy and security, you can choose whichever size best suits your needs.
