

**PBS booked to appear at Eastbourne Chamber of Commerce event**

# **PARKERS TAKE A STAND AT Let's do business**

Parker Building Supplies are proud to support this year's Let's Do Business exhibition at the Winter Garden, Eastbourne on Thursday June 25th.

The event is organised by Let's do Business in partnership with Eastbourne & District Chamber of Commerce to provide an exciting and vibrant business-to-business event for business owners, directors and entrepreneurs from across Sussex.

The ethos behind the event is about keeping jobs, money and resources within the local economy, and this year Parkers will be represented at one of 135 stands with over 120 exhibitors all offering creative and innovative solutions for SME's (Small to Medium Sized Enterprises).

The event provides a fantastic platform for businesses to network with like-minded individuals, showcase their products and services and source products and services from a wide range of local businesses, (including our superb branch in Moy Avenue !!).

The Eastbourne & District Chamber of Commerce Ltd. (EDCC) is a business-led membership organisation, owned by East Sussex businesses through their membership and run for Members by Members.

It exists to advance the economic prosperity of the region and to promote its Members' interests by providing independent advice and information on a wide variety of subjects; lobbying government about business issues affecting the membership; and offering a range of networking opportunities and seminars to build business connections.

**Please join us on 25th June at the Winter Garden for an unmissable event.**
