

Parkers support Eastbourne Chamber of Commerce event

LETS DO BUSINESS ... FOR THE THIRD TIME

For the third year running, Parker Building Supplies are proud to support this year's Let's Do Business exhibition at the Winter Garden, Eastbourne on Thursday June 24th.

The event is organised by Let's do Business in partnership with Eastbourne & District Chamber of Commerce to provide an exciting and vibrant business-to-business event for business owners, directors and entrepreneurs from across Sussex.

The ethos behind the event is about keeping jobs, money and resources within the local economy, and this year Parkers will be represented at one of 135 stands with over 120 exhibitors all offering creative and innovative solutions for SME's (Small to Medium Sized Enterprises).

The event provides a fantastic platform for businesses to network with like-minded individuals, showcase their products and services and source products and services from a wide range of local businesses, (including our branch in Moy Avenue).

Eastbourne & District Chamber of Commerce (EDCC) is an organisation owned by East Sussex businesses which exists to advance the economic prosperity of the region and to promote its Members' interests. It provides independent advice and information on a variety of subjects; lobbying government on issues affecting members; and offers networking opportunities and seminars to build business connections.

Why not join us on 24th June at the Winter Garden for an unmissable event.
