

Parker Building Supplies supports local bowls club

BOWLED OVER BY PARKERS SUPPORT

Parkers are proud to be sponsors of the Uckfield Bowls Club, local to our Uckfield branch and head office and, as these pictures show, they are a jolly bunch, on the rare occasions that the sun shines there are not many more pleasant pastimes in the wide world !

Uckfield is a small but very enthusiastic club, situated in a very pretty and secluded location. They pride themselves in having a friendly and informal approach and they have always been very welcoming to regulars and guests alike. In keeping with most similar organisations, club dress is smart - a royal blue polo shirt with embroidered club badge.

They are an energetic club of about 55 male and female members with a relatively low average age as most of the members are still working full-time, though people of all ages are always welcome. They have a 4-rink green and most of the matches the club play are Triples.

The club is affiliated to the Sussex County Bowling association and they boast quite an impressive level of success with four badged County players and four successive Horam League titles in succession since 2003.

Maybe we should supply them with some brass polish for their ever expanding trophy cabinet ! Parker Building Supplies wish Uckfield Bowls Club continued success in the future.
