

Parkers offer new range of ELKA Uniclic engineered flooring

QUALITY FLOORING ? IT'S A WALKOVER

Parker Building Supplies have always insisted on providing our customers with a wide range of flooring products but with no compromise on quality.

ELKA flooring offer the very latest in design driven wood and laminate flooring, all carefully selected to meet every demand of today's busy life style.

In line with today's ever changing living environment and people's desire to be both classical and contemporary in their approach to interior design, ELKA aim to provide a focused collection of quality flooring to match everyone's expectations.

Whether it is a classical real wood floor, laminate or premium solid floor, ELKA flooring meets the highest requirements with regards to aesthetics, character, appearance and functionality.
