

PRESS RELEASE

To further enhance its reputation for customer service and to meet the increasing requirements for health and safety, Parker Building Supplies has continued to invest for the future with the acquisition of three new delivery vehicles.

This time the latest Leyland Daf FA LF55's have been added to the Companies fleet of nineteen LGV's. Each vehicle has been equipped with a satellite navigation system, tracking device as well as a fully remote controlled Atlas crane.

Message to editors, further details can be obtained from Stewart Pierce on 01825 748401 or email stewartp@parkerbs.com
