We are delighted to announce the launch of our new online shopping service. We understand that no matter how much we as a company do to provide a comfortable shopping environment supported by well trained staff, bright, well-stocked showrooms with informative displays and services for our many visiting customers, some people still just don't feel comfortable entering a builders merchants branch. We also appreciate that everyone's time is at premium these days. We are all busy being busy !

It is also a reality that we are all now used to buying online. Whether it be groceries or books, white goods, even cars. So, why not building materials ? Our new on-line shop, featuring 'Parker', our walking mouse, provides a wealth of information ...
